CONCERTO NETWORKS® ANNOUNCES INTERNATIONAL EXPANSION BUSINESS TECHNOLOGY FRANCHISE AWARDS ITS FIRST INTERNATIONAL MASTER FRANCHISE LICENSE IN NEW ZEALAND

December 6, 2004 – San Diego, CA – Concerto Networks, a business technology franchise company, announced international expansion with the award of its first international master franchise license in New Zealand. Justin Worsley, the new Concerto Networks master franchise owner, will officially launch his business in January 2005 to provide complete office technology solutions for small- and medium-sized businesses (SMBs) throughout New Zealand. In addition to the master franchise license, an area developer franchise has also been purchased to begin operations in the Auckland area.

"I am very excited to be the owner of Concerto Networks' first international franchise. I've been impressed with the company's rapid growth in the United States and I feel it's quite an opportunity to be bringing such a strong brand and valuable service offering to New Zealand," said Worsley. "I look forward to helping grow the brand nationwide and beyond. And with all the support I've received from Concerto Networks, I'm ready to get started right away."

The launch in New Zealand is part of Concerto Networks' aggressive plans for international growth in 2005. The company has identified target markets in Australia, Canada, South America and Europe as priorities for franchise development in the coming year. Any countries already equipped with strong infrastructures to support advanced cellular communications are potential markets for establishing Concerto Networks franchises.

"By providing consistent, high-quality business technology solutions to SMBs, Concerto Networks' franchise system is addressing a need that exists all around the globe, creating a wide-open opportunity for international growth" said Raymond Hivoral, Founder and CEO of Concerto Networks. "I am pleased to award Justin with the New Zealand master franchise. His wealth of experience in both technology and small business ownership makes him the ideal candidate to help grow the Concerto Networks brand at the international level."

"Along with the New Zealand Master Franchise, which includes one area developer and one single unit franchise, there are currently 24 Concerto Networks franchise licenses awarded in nine U.S. states. Master franchise, area development and single and multi-unit franchise licenses are available for purchase in the UK."

About Concerto Networks®

Concerto Networks, Inc. is a national franchise business providing professional, consistent-quality computer and Information Technology (IT) solutions to small- and medium-sized businesses (SMBs), serving a critical function for this rapidly growing market. Concerto Networks goes beyond simple troubleshooting and repair, providing the same holistic approach to IT support and director level management enjoyed by large companies, while offering significant savings and value to SMBs. The company's model is to build a national business technology solutions network with the expertise, processes, systems and support necessary to provide superlative service to SMBs. Franchises are independently owned and operated by experienced professionals equipped with the latest diagnostic hardware and software for providing on-site service.
